

## Horizontal

Type	BD/BC-108	BD/BC-138
Gross capacity	108 liters	138 liters
Dimension (height-length-width)mm	910X625X490 (Packaging size: 955X680X560)	910X815X490 (Packaging size: 955X870X560)
Voltage	12/24V DC current: 5.0A + 10%	12/24V DC current: 5.5A+ 10%
Average power consumption	<60W +15%	68W+15%
Temperature range	8°C to -18°C (Variable via electronic thermostat)	
Weight	Net: 27.5 kg	Net: 31 kg
Refrigerating Fluid	R134a	
Refrigeration capacity	Arrived -18°C in 2hours. (Under the standard running condition and rated load)	
Other features	Digital temperatuer-control panel. The compressor could adjust the torque and rotate speed automatically.
